Scottish Censuses, Population Listings & Communion Rolls  
(mainly pre-1841)

Many of these listings provide the names of adult males, male heads of households or members of a particular church only, not the names of all individuals living within a parish. Some cover a period slightly after 1841, although the majority are from the pre-1841 period.

Digital images of many of the communion rolls (and other lists within Kirk Session records) are held at the National Records of Scotland (formerly the National Archives of Scotland) in Edinburgh (abbreviated here as NRS) and these images can also be accessed through the search rooms of various local archives - see http://www.nas.gov.uk/about/101101.asp for details.

Aberdeenshire
